Retire by the River

Retirement living on the banks of the Murray River, sounds like a dream come true.

And it is, for the residents of Waterford Estate at Murray Bridge. We offer you an environment next to the Murray River to enjoy and admire.

Just a 50 minute drive from Adelaide, the estate is secluded and peaceful, and overlooks wetlands and is only a few minutes drive or bus ride away to the hub of Murray Bridge.

No two homes in the estate are alike, with the highest quality fittings and fixtures. We pride ourselves on the dedication and personal touch that we give each home.

The large, well established lifestyle community is designed around park-like landscaped streets. Also surrounding the estate are stunning water features that compliment the relaxed lifestyle that Waterford Estate has to offer.

Small pets are allowed, there's a barbecue-gazebo area to entertain family and friends, a workshop, and the community has its own walking groups to take full advantage of the riverside location.

The new function centre is now open with seating for up to 250 residents at any time, at no cost to residents for birthdays, anniversaries and any family functions. Activities held in the function centre include billiards, crafts, tai chi and cards. There are many different types of functions and activities to suit all residents.

The surrounding wetlands are a natural feature and there are plenty of walking trails where residents can have a closer look at the local wildlife.

FAMILYCARE & MAXIMUM INDEPENDENCE

"Our aim is to maximise the potential of older people in a FamilyCare environment, so

that residents can celebrate today and look forward to the future".

*Bill McClurg, Managing Director
Omega SeniorCare Group*

At Leabrook Place and The Glenbrook we've created an elegant and timeless environment that seeks to enhance resident's independence.

Omega's unique FamilyCare services are all about resident's choice, comfort and well-being. Assistance is available to suit resident's individual needs and is provided by Omega's own professional staff who are on site 24/7. We provide the help and support, just like family would if they could, so that residents can remain in control of their lives.

Many of our residents found our assisted living option a huge relief as a nursing home environment was neither what they wanted or needed, and the costs were much less than they first thought.

Leabrook Place and The Glenbrook provide the best of both worlds. Residents enjoy their own private space, extended community living areas, the pleasure of like-minded people and FamilyCare services if and when they are needed.

Call today to see, feel and touch the Omega difference for yourself.
